

Boating Vacations

We make boating vacations easy and fun. You bring your own powerboat, wave runners, or kayaks. We provide your lodging on one of our big houseboats! We help you prepare for your excursion, advise you what to pack, and take care of all the little details we have already thought out for you, so you and your guests can have the most fun while making the best memories.

The fun never ends when you explore the lake from a boat! There is fishing, wakeboarding, waterskiing, tubing, hiking, and nearly a hundred canyons to explore. Where do you live while on a boating vacation? When you rent a [houseboat](#), the answer is "Anywhere you want."

Good Weather All Year

The weather is beautiful all year and the water at the lake is surprisingly warm for most of seasons. It can get very hot in July and August, so these months are popular with water skiers, wakeboarders and surfers. Average water temperatures fluctuate from a chilly 46 degrees F in February to an inviting 80 degrees F in August. Don't let cold water scare you away, because there's always fishing[†]!

Month	High	Low	Water
January	45	24	47
February	53	31	46
March	61	36	52
April	72	46	54
May	82	53	62
June	90	62	70
July	97	71	76
August	94	69	80
September	88	60	76
October	77	46	69
November	59	36	62
